After School Enrichment Classes using LEGO® Bricks with motors – Your child’s learning doesn’t need to stop when the bell rings. At Bricks 4 Kidz®, we believe it’s important to tap into a child’s potential by encouraging their curiosity and creativity in and out of the classroom. Our fun-filled model plans designed by engineers and architects, teach children by reinforcing STEM based principles while enhancing self-esteem, improving fine motor skills, and teaching important classroom lessons such as organization and following directions.
