Athletes Global leadership academy has two primary components, which are education and athletics. Our educational component focuses on science, technology, engineering, art and mathematics (S.T.E.A.M). Our athletic component teaches the fundamentals of basketball, flag football, cheer, hip hop, soccer and much more. One of the most exciting parts of our academy is the implementation of daily nutritional education, personal development homework, fitness, mentoring activities in decision making, leadership, communication skills, self-image and team building with others.
