

## Union Public Schools

---

**Susan Hartzler**  
**Director of Adult Education**

Susan Hartzler was named Director of Adult Education in 2016. She has spent her entire educational career (28 years) at Union. After completing her bachelor's degree in both Early Childhood and Elementary education from Evangel University in Springfield, Mo., her career at Union began in 1986 teaching seventh grade math. She continued to teach seventh and eighth grade math for 10 years as she earned her master's degree in school counseling from Northeastern State University.

When Union's Alternative School grew to include a school counselor, Susan took that leap into counseling. She served as the Union Alternative School counselor for three years before moving to the 6<sup>th</sup>/7<sup>th</sup> Grade Center as a counselor for eight years. During this time Susan went back to the classroom to secure her school administration degree from Oklahoma State University.

In 2007, Hartzler followed the path into administration as an assistant principal at the Union Intermediate High School and later at our Union High School. Hartzler was named the Associate Director of Adult Education in 2014. Hartzler continues her quest for learning as a doctoral student at Oklahoma State University-Tulsa.
